

TRODAT FLASHY

THE SUCCESS STORY CONTINUES!

Stamp makers and users all over India love the Trodat Flashy. A wide acceptance among those users has helped Trodat India attain the magical sales figure of **10lakhs per year** with just 6 sizes.

Now we want to announce that we have new additions to our Flashy Family. Trodat launches 3 more of the most popular Flash sizes as well as 2 brand new Flashy pocket stamps, expanding the product line up to **a total of 11 sizes**.

The newly designed Flashy pocket stamps feature all the great benefits of the standard sizes, combining it with an **ultra-low profile design**. Compared to our competition, this pocket stamp is **100% leak-proof** and still convenient to ink for the stamp maker.

THE BENEFITS OF TRODAT FLASHY

High End Design:

Trodat stands for high quality standards using virgin plastic materials for a slick finishing. The result is a long lasting product with a premium look and feel.

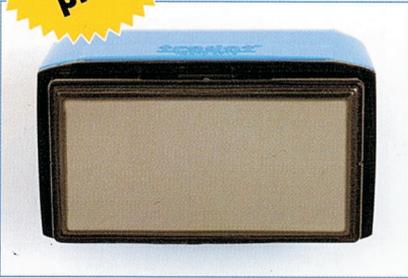

Ergonomic Mount:

Trodat Flashy feels great in your hand thanks to ergonomic grips on each side. These non-slip zones allow precise and safe operation.

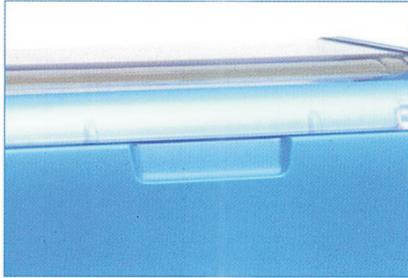

Unique Dustcover:

The symmetrical dustcover of Trodat Flashy fits perfectly – not too tight, not too loose – and will stay like that over a very long period of time. The „lip“ assures fast, intuitive opening and closing from both sides.

High Quality Flash Foam:

Trodat developed its own Flash foam ensure 6 top quality impressions as well as fast ink migration time. This high end Flash foam is surrounded by a very durable sealing – so no leaking can occur over time.

Crystal Clear Index Window:

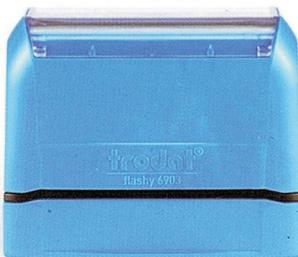

The symmetrical index window makes your title message easy to read as well as securing it from getting dirty. The recessed grip on the back of the stamp makes the index window fast to take off – „finger nail proof“.

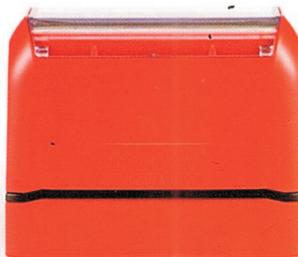

Pocket Flashy with keyring option:

It doesn't matter if it is in your pocket, with a lanyard or on a keyring. The ultra slim Pocket Flashy is a stamp you can carry everywhere.
